

# 3<sup>rd</sup> SGH Acute Care Surgery & Trauma Symposium – ‘Advancing with our Partners’

Friday, 27 September 2024 | 9.30am – 4.30pm  
Held on Zoom Webinar

## INTRODUCTION

The 3<sup>rd</sup> SGH Acute Care Surgery & Trauma Symposium brings together leaders and experts in fields pertaining to the management of Trauma and Emergency General Surgery (EGS) for an exciting one-day hybrid webinar. Topics discussed reflect the diversity in the management of Trauma and EGS provide the latest perspectives and updates within these fields. This Symposium is suitable for and will benefit healthcare providers at all levels of care including nursing and allied health professionals, junior doctors, ED physicians and surgeons.

## SYMPOSIUM OUTLINE

1. Explore the current and future role of Acute Care Surgery within Singapore's Healthcare system.
2. Review of the latest issues and updates pertinent to the management of Trauma and Emergency General Surgery patients.
3. Explore how the latest advances in fields adjunct to Trauma and Emergency General Surgery will shape and impact our future practice.
